**C. Needs**

According to the assessment, 800 people / 150 families need urgent assistance with food and basic non-food items (mattresses, blankets, jerry cans and hygienic kits etc).

Most kitchen gardens of Bobodorhon and Saro villages were identified as affected; hence their owners have problems with acquisition of the basic food commodities and require food assistance.

Mud flow channel is full at the moment and requires cleaning asap. Cleaning activities would require approx. 10 MT of fuel/diesel and lubricants.
500 meters of spring-fed pipeline (used both for irrigation and drinking water supply) are damaged and require soonest restoration.

As reported by CoES at the REACT Sughd meeting in on 17th June 2011, so far 35 families have to be resettled to the new place. Local authorities already allocated new lands in Bahmal village for relocating families from Bobodarhon and Saro villages. CoES - Sughd will prepare special report on Early Recovery interventions needed in Bahmal village.
