Poverty Reduction Strategy, 2010-2012

Progress to date:

In the result of implementation of strategic goals and measures (including anti-crisis action plan), in spite of negative impact of the global financial and economic slowdown, the economic growth was ensured and the rate of poverty declined:

Progress on economic growth

Progress on poverty reduction

Poverty Reduction Strategy, 2010-2012

Priorities for 2011-2012:

- **Improving public administration**, with a view to creating a national economic development system based on the principles of accountability, transparency, efficiency and effectiveness, and combating corruption;
- **Achieving sustainable growth and economic diversification**, through private sector development and investment promotion; and
- **Enhancing human potential**, through increased access to social services by the poor and by expanding public participation in the development process.

Development Forum-2012

Next steps:

- Implementation of the Development Forum **Action Plan**;
- Review of the progress on sector-by-sector implementation of the **Action Plan** (by the end of April 2011);
- Conducting pre-development forum in Dushanbe to review of performance results of the **Action Plan** outlined measures (by the end of September 2011); and
- Preparation and conducting another meeting of the Development Forum for Tajikistan to help mobilize the additional resources required in the first half of 2012

Thanks!
