Staple food commodities were available in most monitored markets during the reporting week and some observations are as follows:

1. Central markets are operating at 70 percent capacity to provide access to staple food for the population.
2. Due to the harvesting season and abundant supply of agricultural products, farmers are supplying more fruits, melons and other vegetables to the market and at cheaper prices compared to last week.
3. Market administration and police personnel monitor observance of social distancing and use of protective measures against COVID-19. In Bokhtar central market, access is prohibited for people without a protective mask. In Khorgo central market, volunteers distributed masks and gloves to retailers while the government conducted disinfection of the market area on daily basis.
4. Compared to May 2019, prices remain high, though this week’s prices were stable or slightly lower against monthly averages of May 2020.

### Wheat flour (first grade)
Prices for wheat flour first grade decreased by 1 percent in Khorgo and Khujand while in the remaining monitored markets its prices stayed stable compared to previous week.

Comparing the current reporting week to the monthly average of May 2020, prices for wheat flour decreased in most monitored markets, ranging from 3-5 percent. Meanwhile, prices increased by 1 percent in Khujand.

### Rice
Rice prices decreased in Khorgo, Bokhtar and Gharm ranging from 3.4-5 percent while remaining stable in Khujand, Dushanbe and Murghab.

Compared to the May 2020 monthly average, prices for rice increased in Bokhtar and Dushanbe markets ranging from 3.4-22 percent but it decreased in Khujand, Gharm and Khorgo in the range of 2-27.3 percent.

### Potatoes
Markets in Khorgo, Gharm and Khujand reported a decrease in prices for potatoes by the range of 8-31 percent compared to the previous week, while in Bokhtar its market prices increased by 4.3 percent.

Compared against monthly average of May 2020, most monitored markets reported a decrease in prices of potatoes ranging from 6.3-46 percent. Prices in Bokhtar market increased by 20 percent.

### Onion
Onion prices remained stable in most monitored markets compared to previous week except Murghab, where its price decreased by 14.3 percent.

Compared to the monthly average of May 2020, prices for onions decreased in most markets in the range of 14-34 percent, while in Bokhtar market its prices increased by 26 percent.

### Vegetable & Cotton Oil
Compared to previous week, vegetable oil prices decreased in Dushanbe by 2 percent while increasing in Murghab by 2 percent. Cotton oil prices decreased by 14 percent in Murghab.

Prices for both commodities remained stable during the reporting week compared to previous week in remaining markets.

Compared with the monthly average of May 2020, vegetable oil prices decreased in Khorgo, Bokhtar, Gharm and Murghab in the range of 6-14 percent while increasing in Dushanbe by 6.1 percent. Price for cotton oil decreased in the range of 7.1-29 percent in Bokhtar, Gharm and Murghab. Increase in prices for this commodity was observed in Dushanbe and Khujand markets in the range of 2-6 percent.

### Milk & Eggs
Prices for eggs decreased in Khujand and Dushanbe markets in the range of 3-7 percent, while remaining stable in all other monitored markets. Price for milk decreased in Murghab by 9 percent and remained stable in most monitored markets compared to the previous week.

Compared to the May 2020 monthly average, prices for both commodities decreased in the range of 5-27 percent in most monitored markets, while in Khorgo milk prices increased by 4.3 percent.

### Meat Beef & Mutton
Compared to previous week, prices for both mutton and beef were stable in all monitored markets.

Compared against May 2020 monthly averages, prices increased for mutton in Khujand, Bokhtar and Dushanbe markets ranging from 2-8 percent and decreased in Gharm and Murghab in the range of 2-23 percent. Beef price decreased in Gharm market by 1 percent while increasing in Khujand market by 3 percent.

### Petrol & Diesel
Prices for petrol in Khorgo, Murghab and Gharm markets decreased in the range of 1-7 percent and increased by 1 percent in Dushanbe compared to previous week. Diesel prices also decreased in the range of 6-8 percent in Khujand, Murghab and Gharm markets while remaining stable in other monitored markets.

Compared to May 2020 monthly averages, prices for petrol decreased in most monitored markets by a range of 4-13 percent while increasing in Dushanbe by 2.3 percent. Prices for diesel decreased in the range of 3-11 percent in most monitored markets and increased in Murghab by 9 percent.

---

**Highlights**

- Staple food commodities were available in most monitored markets during the reporting week and some observations are as follows:
  - Central markets are operating at 70 percent capacity to provide access to staple food for the population.
  - Due to the harvesting season and abundant supply of agricultural products, farmers are supplying more fruits, melons and other vegetables to the market and at cheaper prices compared to last week.
  - Market administration and police personnel monitor observance of social distancing and use of protective measures against COVID-19. In Bokhtar central market, access is prohibited for people without a protective mask. In Khorgo central market, volunteers distributed masks and gloves to retailers while the government conducted disinfection of the market area on daily basis.
  - Compared to May 2019, prices remain high, though this week’s prices were stable or slightly lower against monthly averages of May 2020.

WFP Tajikistan – Weekly Market Situation Update

Early Warning on Local Food Prices: Tajikistan Commodities Status

About the Update

For the purpose of assessing potential impacts of COVID-19 on the population’s food security situation, WFP Tajikistan intensified its weekly price monitoring across the country. The monitoring is conducted twice a week in six major markets including Murghab, Khorog, Khujand, Bokhtar, Gharm, and Dushanbe, and focuses on the main commodities that are consumed by the average population of the country.

For information regarding COVID-19 situation, please access the update through online map at: http://unwfp.maps.arcgis.com/apps/opsdashboard/index.html#2a8a0d7799684f0b78f6118a7477f1f
